

# OUR FLEET

Groups Tasmania employs the services of local company McDermott's Coaches to do the majority of its coach tour work. Established in 1985 with a single school bus, McDermott's Coaches is now one of the states largest tour coach and bus service providers with 17 coaches in its fleet. All the coaches are modern, safe and comfortable vehicles which undergo regular maintenance checks. As a standard they feature air-conditioning, large panoramic windows and airline style seats. A sample of the fleet along with a brief description is below.

The benefit of using a Tasmanian based coach company is that the drivers are all locals with a knowledge of Tasmania that is second to none. Each is an experienced professional who are employed based on their safe driving skills, personality and their attention to detail to make sure, you, the passenger receive the most memorable experience possible.
